REDUCE STRETCH MARKS

Problem Rapid growth during the second

◀ Bio-Oil

▲ Mariska Hargitay used Mama Mio Tummy Rub Stretch Mark Butter. (\$35, mamamio.com)

Solution Maintain the elasticity in your skin by keeping it hydrated at all times with products containing moisturizers like shea butter and organic calendula oil. "Apply at least twice a day postshower onto damp skin to help trap and seal in the moisture," says Bank.

PREVENT MELASMA

Problem Dark spots on the face

◀ Neutrogena Mineral Sheers Mineral Powder Foundation, \$13, walgreens.com

Solution "Wear an SPF-30 daily, as UV exposure can aggravate the problem," Bank says. Camouflage uneven skin tone with a nonirritating mineral powder foundation.

really good," mommy-to-be Halle Berry (due in March) has said of her pregnancy beauty routine

TREAT BLEMISHES

Problem Hormone changes in the first and

Solution Switch to a regimen of mild cleansers and oil-free moisturizers to reduce pimple-causing bacteria without drying skin, says Bank. Consult your Ob/Gyn before trying topical acne treatments with alpha hydroxy or beta hydroxy acids.

"I always ate very healthy and now I'm craving junk food: cake, cookies [and] candies!" *Big Shots* actress Elisabeth Rohm, who is expecting a girl in April, has said.
