✓ Add Volume

Create texture with a dry shampoo instead of heavy styling products. "It's great for this season's softer styles," hair pro Mark Townsend tells Us. "It also absorbs oils and adds fullness." Apply to dry hair, then brush out.

► Oscar Blandi Pronto Dry Shampoo, \$19, sephora.com

✓ Go for Lilac Lips

"The color is playful with being too bright," says makeup artist Nick Barose, who uses a lilac shadow over **Jessie Slego's** upper lids for the *Time* Emmys. "Pick laser gray undertones — no pinks."

► Estée Lauder Graphic Ink Vintage Violets, \$37, esteeauder.com

✓ Try a Headband

"It's great for dressing up a casual look," says Townsend of fall's hot accessory. Copy **Jessica Simpson** and wear it with side-parted hair secured into a low pony.

France Luce wide ribbon headband, \$45, france luce.com

✓ Brighten Skin

"Hyperpigmentation caused by summer sun exposure can make skin appear older," says NYC dermatologist David Bank. Add a lightening vitamin C cream to your nightly routine to even out your complexion.

Shiseido White Lucent Brightening Cream, \$50, sca.shiseido.com

► Tarte the Toolbox: Brow Know-How Kit in Dark, \$32, sephora.com

✓ Polish

► **Lindsay Lohan** loves Chanel Nail Colour in Black Satin. (\$18, chanel.com)

✓ Instant Eye Lift

Banishing crow's-feet and dark circles can refresh your whole face. Start using an eye cream with light diffusers (to immediately brighten skin) and hyaluronic acid (to pump up fine lines) twice daily. **Jennifer Morrison** is a fan of LiftFusion Eye Lift, which also contains natural muscle inhibitors.

► LiftFusion Eye Lift with hyaluronic acid and light diffusers, \$60, sephora.com

✓ Slick on a Rich-Hued Lipstick

Be bold! Set the nude gloss aside and try a bright creamy red or crimson lipstick. Lightly dab stick over lips, then blot. Keep other features simple.

► Dior Rouge Dior in Celebrity Red, \$24, dior.com

✓ Apply a Woody Floral Fragrance

Switch your scent too! Ditch summer's crisp, citrusy blends for a deeper fragrance with rich floral and warm woody notes (Kenzo Amora combines cherry blossoms with thangka wood). To keep it subtle, spritz on one pulse point, like the wrist.

► KenzoAmora eau de parfum, \$48, nordstrom.com
